Index to Volume 20

1. Articles by Author

Agénor, Pierre-Richard. "Wage Contracts, Capital Mobility, and Macroeconomic Policy." 1: 1–25.

Agiomirgianakis, George M. "Monetary Policy Games and International Migration of Labor in Interdependent Economies." 2: 243–66.

Amano, Robert. "On the Optimal Seigniorage Hypothesis." 2: 295–308.

Arnold, Lutz G. "Growth, Welfare, and Trade in an Integrated Model of Human-Capital Accumulation and Research." 1: 81–105.

Attfield, Clifford L. F., and Brian Silverstone. "Okun's Law, Cointegration and Gap Variables." 3: 625–37.

Berument, Hakan. "Central Bank Independence and Financing Government Spending." 1: 133–51.

Cheung, Kee-Nam. "Monopolistic Competition, Trading Externality and the Multiplier." 3: 615–24.

Diamandis, Panayiotis F., Dimitris A. Georgoutsos and Georgios P. Kouretas. "The Monetary Approach to the Exchange Rate: Long-Run Relationships, Identification and Temporal Stability." 4: 741–66.

Duca, John V., and David D. VanHoose. "The Rise of Goods-Market Competition and the Decline in Wage Indexation: A Macroeconomic Approach." 3: 579–98.

Ellis, Christopher J. "Multiple Equilibria and Rules of Thumb." 1: 27–54.

Engsted, Tom. "Money Demand During Hyperinflation: Cointegration, Rational Expectations, and the Importance of Money Demand Shocks." 3: 533–52.

Forslid, Rikard. "External Debt and Ponzi-Games in a Small Open Economy with Endogenous Growth." 2: 341–49.

Forteza, Alvaro. "The Wage Bargaining Structure and the Inflationary Bias." 3: 599–614.

Garretsen, Harry, and Job Swank. "The Transmission of Interest Rate Changes and the Role of Bank Balance Sheets: A VAR-Analysis for the Netherlands." 2: 325–39.

Gauger, Jean. "Economic Impacts on the Money Supply Process." 3: 553–77.

Gim, Ho Un, and Koonchan Kim. "The General Relation between Two Different Notions of Direct and Indirect Input Requirements." 1: 199–208.

Ireland, Peter N. "Customer Flows, Countercyclical Markups, and the Output Effects of Technology Shocks." 4: 649–64.
Kanago, Bryce. "The Relation between Contract Duration and Inflation Uncertainty: Further Evidence." 4: 811–19.
Kandil, Magda. "Supply-Side Asymmetry and the Non-Neutrality of Demand Fluctuations." 4: 785–809.
Kennedy, James E. "An Analysis of Time-Series Estimates of Capacity Utilization." 1: 169–87.
Kiley, Michael T. "Predicting Tax Rate Changes: Insights from the Permanent Income Hypothesis." 1: 153–67.
Koustas, Zisimos. "Canadian Evidence on Long-Run Neutrality Propositions." 2: 397–411.
Lawler, Phillip. "Wage Indexation and Government Intervention under Perfect Information." 1: 189–97.
Lobo, Bento J., and David Tufte. "Exchange Rate Volatility: Does Politics Matter?" 2: 351–65.
Loewy, Michael B. "Information-Based Bank Runs in a Monetary Economy." 4: 681–702.
Loo, Clifton Mark, and William D. Lastrapes. "Identifying the Effects of Money Supply Shocks on Industry-Level Output." 3: 431–49.
Lord, William, and Peter Rangazas. "Capital Accumulation and Taxation in a General Equilibrium Model with Risky Human Capital." 3: 509–31.
Maussner, Alfred, and Markus Kueppers. "Partisan Profiles in Presidential Policies: Methodological Issues and Empirical Evidence Reconsidered." 2: 387–95.
Michener, Ron. "Inflation, Expectations, and Output: Lucas's Islands Revisited." 4: 767–83.
Montoro, Juan D., Jose V. Paz, and Miguel Roig. "Active Monetary Policy and Instability in a Phillips Curve System." 4: 843–56.
Mukherji, Nivedita. "Inflation and Risky Investment in an Economy with Asymmetric Information and Monopolistic Loans Markets." 1: 107–32.
O'Connell, Joan. "Savings in the Uzawa-Lucas Model of Economic Growth." 2: 413–22.
Paschakis, John, and John Smithin. "Exchange Risk and the Supply-Side Effects of Real Interest-Rate Changes." 4: 703–20.
Perez, Stephen. "Testing for Credit Rationing: An Application of Disequilibrium Econometrics." 4: 721–39.
Sarno, Lucio, and Mark P. Taylor. "Real Interest Rates, Liquidity Constraints and Financial Deregulation: Private Consumption Behavior in the U.K." 2: 221–42.
Seidman, Laurence S., and Kenneth A. Lewis. "Conversion to a Consumption Tax in a Growth Model with Heterogeneity." 4: 665–80.

Stark, Tom, and Dean Croushore. "Evaluating McCallum's Rule When Monetary Policy Matters." 3: 451–85.

Steindl, Frank G. "The Decline of a Paradigm: The Quantity Theory and Recovery in the 1930s." 4: 821–41.

Sumner, Scott, O. David Gulley, and Ross Newman. "Money Demand and Nominal Debt: An Equilibrium Model of the Liquidity Effect." 2: 267–93.

Swank, Otto H. "Partisan Policies, Macroeconomic Performance and Political Support." 2: 367–86.

Tanner, J. Ernest, and Donn Pescatrice. "Was Monetary Policy Impotent or Simply Contracyclical in the 1980s?" 1: 55–80.

Wen, Jean-François, and David R. F. Love. "Evaluating Tax Reforms in a Monetary Economy." 3: 487–508.

Wilson, Bradley K. "The Aggregate Existence of Precautionary Saving: Time-Series Evidence from Expenditures on Nondurable and Durable Goods." 2: 309–23.

2. Articles by Title

"Active Monetary Policy and Instability in a Phillips Curve System." Juan D. Montoro, Jose V. Paz and Miguel Roig. 4: 843–56.

"The Aggregate Existence of Precautionary Saving: Time-Series Evidence from Expenditures on Nondurable and Durable Goods." Bradley K. Wilson. 2: 309–23.

"An Analysis of Time-Series Estimates of Capacity Utilization." James E. Kennedy. 1: 169–87.

"Canadian Evidence on Long-Run Neutrality Propositions." Zisimos Koustas. 2: 397–411.

"Capital Accumulation and Taxation in a General Equilibrium Model with Risky Human Capital." William Lord and Peter Rangazas. 3: 509–31.

"Central Bank Independence and Financing Government Spending." Hakan Berument. 1: 133–51.

"Conversion to a Consumption Tax in a Growth Model with Heterogeneity." Laurence S. Seidman and Kenneth A. Lewis. 4: 665–80.

"Customer Flows, Countercyclical Markups, and the Output Effects of Technology Shocks." Peter N. Ireland. 4: 649–64.
